ADJOURN		

January 5, 2023

Tuscaloosa Fire & Rescue
2201 University Blvd.
Tuscaloosa, AL 35401

Dear Sir or Madam:

This letter is written as a requirement of the Hazardous Waste Regulations referenced in 40 CFR Part 262 – Standards Applicable to Generators of Hazardous Waste. The purpose of this letter is to familiarize your organization and staff with the properties of hazardous waste handled at The University of Alabama Environmental Health & Safety Chemical Storage Facility and the types of injuries or illnesses which could result from fires, explosions, or releases at the facility. The Environmental Health & Safety Chemical Storage Facility (CSF) is now located at 410 Campus Drive East, Tuscaloosa, AL. As a result of the management, storage and handling of chemical waste in this facility, Environmental Health & Safety is providing your team with a copy of our Hazardous Waste Contingency Plan that describes:

- The actions our personnel will take in response to emergencies (e.g. fires, explosions, spills of hazardous waste, etc.)
- Arrangements EHS would like your agency to agree to in the event of an emergency.
- A description of the properties of the hazardous waste handled at the facility.
- A description of the types of injuries or illnesses which could result from fires, explosions, or releases at the facility.

We are requesting that your agency provide full emergency response support, including, but not limited to, fire fighting and rescue services to EHS and the CSF.

Finally, in accordance with the requirements of the Resources Conservation and Recovery Act (RCRA), the Local Emergency Planning Committee (LEPC) is identified as: Tuscaloosa County LEPC.

Please review the enclosed Hazardous Waste Contingency Plan. If you agree to the arrangements, complete and return the enclosed form letter. If you do not agree with the arrangements or have questions, please call me at (205) 348-5905.

Sincerely,

Darren R. Moss

Director

Response Letter

Tuscaloosa Fire & Rescue
2201 University Blvd.
Tuscaloosa, AL 35401

Attn: Darren Moss, Environmental Health & Safety

Subject: Hazardous Material Contingency Plan and Arrangements Response

Dear Darren:

I have received the Hazardous Material Contingency Plan submitted by Environmental Health & Safety regarding the Chemical Storage Facility at 410 Campus Drive East, Tuscaloosa, AL concerning hazardous waste managed, handled and stored at the facility. Our agency agrees to, and is ready to provide services indicated in this plan. I am also aware of the types of hazardous wastes managed, handled and stored at the facility and the possible hazards associated with such materials, as described in the contingency plan.

Sincerely,

Name: _____

Agency: _____

January 5, 2023

Tuscaloosa Police Department
3801 Trevor S Phillips Ave.
Tuscaloosa, AL 35401

Dear Sir or Madam:

This letter is written as a requirement of the Hazardous Waste Regulations referenced in 40 CFR Part 262 – Standards Applicable to Generators of Hazardous Waste. The purpose of this letter is to make arrangements to familiarize the department with the layout of The University of Alabama Environmental Health & Safety Chemical Facility, properties of hazardous waste handled at the facility and associated hazards, places where facility personnel would normally be working, entrances to the facility and possible evacuation routes. The Environmental Health & Safety Chemical Storage Facility (CSF) is currently located at 410 Campus Drive East, Tuscaloosa, AL. As a result of the management, handling and storage of hazardous waste at this facility, Environmental Health & Safety (EHS) is providing your agency with a copy of our Hazardous Waste Contingency Plan that describes:

- The actions our personnel will take in response to emergencies (e.g. fires, explosions, spills of hazardous waste, etc.).
- Arrangements EHS would like your agency to agree to in the event of an emergency.
- A layout of the facility showing hazardous waste storage areas, safety equipment, entrances to the facility and possible evacuation routes.
- A description of the properties and associated hazards of the hazardous wastes handled and stored at the CSF.

We are requesting that your agency provide full emergency response support to EHS and the CSF. We understand as part of this that University of Alabama Police Department and additional UA, local and state agencies may also assist in the emergency response to the CSF.

Finally, in accordance with the requirements of the Resources Conservation and Recovery Act (RCRA), the Local Emergency Planning Committee (LEPC) is identified as: Tuscaloosa County LEPC.

Please review the enclosed Hazardous Waste Contingency Plan. If you agree to the arrangements, complete and return the enclosed form letter. If you do not agree with the arrangements or have questions, please call me at (205) 348-5905.

Sincerely,

Darren R. Moss

Director
