Tuscaloosa National Airport

RE: Authorization to amend Section 5-41 of the Code of Tuscaloosa

Request:
The Tuscaloosa National Airport requests authorization to amend City Code §5-41 (Airport Rates and Fees) to update the Airport's published rates and charges.

Project Background:
City Code §5-41 establishes rates and fees for use of Airport facilities and services. The schedule requires periodic updates to:

- Align charges with market and regional peers,
- Recover appropriate portions of operating and capital costs, and
- Maintain consistency with grant assurances and best practices for airport self-sufficiency.

For this update, Airport staff completed a comprehensive benchmarking review of 49 comparable or competitive airports in Alabama and surrounding states. The proposed schedule reflects that analysis and aligns with the Airport's cost-recovery goals while remaining competitive. The Tuscaloosa National Airport Advisory Committee reviewed and has recommended the proposed rates and fees.
